A Clinic You Can Trust...

"Since my husband's stroke, Karen and the team have used their knowledge, expertise and sense of fun to tailor an individualised and effective approach to guide him on the road to recovery. He could not have done it without your help! I would recommend Hallamshire Physiotherapy for all of these reasons – my husband's progress has been amazing, much of which I put down to Karen."
– Mr & Mrs M

"As a result of a car crash I got whiplash which gave me pins and needles down my arm. Over a series of appointments Steve has managed to cure the pins and needles and my neck is now free again. I can't thank him enough. I would have no hesitation in recommending Hallamshire Physiotherapy. Truly Exceptional."
– Carol B

"I was in constant pain, mentally depressed, unable to walk without the aid of crutches, but after intensive physio I am now able to walk unaided and improving all the time. This is due to the expertise, encouragement and advice of my physio, Ruth Newsome. She was my lifeline and gave me the mental support when I needed it most."
